Ogni bambino è SPECIALE. I bambini sono come farfalle nel vento...alcuni possono volare più di altri, ma ognuno vola nel modo migliore che gli è possibile... Perchè, quindi, fare dei paragoni? Ognuno è diverso, ognuno è SPECIALE, ognuno è BELLO ed UNICO....

L'insegnamento deve fondarsi
sulla curiosità e non sul comando
e il docente è chiamato a stimolare
questa curiosità e a non fondersi
su un metodo fisso.

La spontaneità regna suprema,
nel pensiero oltre che nell'azione.

«Paul Feyerabend»
